### HELPFUL INFO AS YOU LIVE WITH US:

#### What is an RA?

RA stands for Resident Assistant. RAs are student staff members, led by professional staff. RAs live on your floor and help to create a positive living community among you and your neighbors. RAs host educational and social programs, assist with housing functions, and ensure community members are abiding by policies and procedures. There is an RA on duty in all residential areas every night; you can find them in the lobby area of your building at the designated desk. Hall Coordinators are professional staff members that directly supervise RAs, maintain building functions, and help support you as a student!

#### There is something not functioning properly in my room. What do I do?

Please submit a maintenance request. You can go to the Walsh homepage, scroll to the bottom of the screen, and click on the link that says *Maintenance Request*. Fill out all necessary information in the form, and facilities will respond as quickly as possible.
