The Walsh University Annual Report provides an opportunity to publicly acknowledge the gifts of all our supporters and, with thanksgiving and gratitude, to take a moment to count the numerous blessings we have received over the course of the past year. Walsh University’s mission was felt locally and around the world through an increase in service and global learning programs. This past year, Walsh hosted numerous lectures, exhibits and fine arts performances that inspired and entertained. The University implemented new curriculum initiatives tailored specifically towards workforce needs and made a commitment to provide student internships in all majors. And our talented faculty members continued to conduct advanced research in areas such as cancer, cardiovascular health, concussions, and more.

In addition to the time and talents of our faculty, staff and students, our donors are vital in making these accomplishments a reality. This year’s Annual Report focuses on their support by highlighting the successful completion of Phase I of We Believe: The Campaign for Walsh University.

The We Believe Campaign truly reflects the spirit and legacy of Walsh University. Both are grounded in the Walsh mission to prepare the next generation of servant leaders. Both are guided by the same unwavering faith that, if we are about God’s work, God will in turn bless our efforts.

Already, the positive effects of the Campaign are being felt across campus.

Phase I Accomplishments:

• We raised approximately $19 million of our $30 million goal.
• We designed, constructed, equipped and opened the new St. John Paul II Center for Science Innovation.
• We ensured that students have the scholarship support they need to pursue their academic dreams by securing 35 new endowed scholarships.
• We renovated and upgraded the Aultman Health Sciences Nursing Lab in the Gary and Linda Byers School of Nursing.
• We completed a record-setting year for our annual Walsh Fund by raising $950,000 to be used to meet the areas of greatest need across the University.

But, if we are to ensure long term sustainability, there will always be more to do.

So, as we celebrate the successful conclusion of Phase I, we remain committed to moving forward with the same amount of enthusiasm and passion into the Campaign’s next phase. We cannot afford to delay. Our students depend on us. Our alumni expect it of us. Our mission demands it of us.

Guided by God’s Grace
With students at the heart and faith as its foundation, the We Believe Campaign for Walsh University launched three years ago with a vision to create new opportunities for students and ensure Walsh’s mission to provide a values-based education to all who seek it, regardless of financial restraints.

The Walsh University community celebrated an important milestone on April 16, 2015, with the successful conclusion of Phase I of its second comprehensive campaign in school history. Launched on November 19, 2012, the campaign is now more than halfway to its conclusion and more than halfway to its goal to raise $30 million over five years.

Led by Vice President for Advancement Eric Belden, Campaign Chairs Gerald Walsh, Edward Mahoney ’66, Daniel Cunningham ’71, and Honorary Chair Br. Francis Blouin, FIC, Phase I of the We Believe Campaign has secured approximately $19 million.

With the common goal to improve opportunities and facilities for all of Walsh’s students, the Campaign focuses on the following three objectives:

1. Increase endowed scholarships for students by $10 million
2. Strengthen annual support through the Walsh Fund by raising $5 million
3. Enhance student experiences with new facilities and updated infrastructure
Endowment

We Believe that investment in the education of tomorrow’s workforce is critical to a community’s long-term sustainability.

Through the We Believe Campaign, Walsh’s endowment has nearly doubled from $12 million in 2012 to $22 million in 2015. Part of that success is due to an initiative called 70 by ’17.

“As a University, we’ve known that one of our biggest challenges is to increase our endowment,” said Belden. “As a part of the We Believe Campaign, we created the initiative 70 by ’17 with the goal to secure 70 new endowed scholarships by 2017. Through the generosity of our donors, I’m proud to say that we are halfway to our goal with 35 new scholarships initiated through this campaign.”

With an endowment fund, a percentage of the fund is used each year to help students, while the remaining balance is invested, allowing for the donation to have a much greater impact over a longer period of time. A strong endowment income provides stability against economic downturns and changes in federal funding. By growing the endowment, Walsh will be able to ensure that students will continue to have the resources they need to earn their degrees, while increasing the amount of scholarship dollars available for future generations. The Walsh Fund
Supporting the Next Generation of Educators

For Campaign donors such as Jim ’72 and Coral ’83 Pennetti, the opportunity to create an endowed scholarship went beyond their desire to offer financial support to students. With The Coral L. Pennetti Endowed Scholarship for education students, the Pennettis were able to create something that represents their own personal shared interests and values.

“I wanted to establish an education scholarship in Coral’s name to honor her more than 30 years as a teacher and counselor,” said Jim. “The permanent nature of the endowed scholarship appealed to us. Certainly in my case, people helped me achieve my education through scholarship support when I was a student. This is our way of giving back.”

Jim and Coral are both graduates of Walsh. Jim earned his bachelor’s degree in history in 1972 and Coral received her master’s in counseling in 1983.

A lifelong resident of Stark County, Jim spent 30 years with the United National Bank & Trust Co., serving as Executive Vice President and a member of the executive management team. He has been involved with many local organizations including United Way, the Stark Community Foundation and Canton Regional Chamber of Commerce. Jim joined Greenport Financial Advisers in February 2014 to work on sales management, marketing and client development.

Coral, a native of upstate New York, earned her undergraduate degree from Syracuse University and her first master’s degree from The University of Akron. She was one of the first graduates of Walsh’s master’s program in counseling and has returned over the years for continuing education through the Communicate Institute and additional master’s classes. Coral retired from the Canton City School District where her 32-year career included elementary counseling and teaching in a variety of areas in special education, including visually impaired, kindergarten and preschool.

In addition to the financial support, Coral has made it a point to get to know each of the scholarship recipients personally. Her hope is to serve as a mentor and share her extensive experience with the graduates as they prepare to enter the classroom as full-time educators. Along the way, she has found that she is learning from them as much as they are learning from her.

“I have gained a great deal from having contact with our scholarship recipients,” said Coral. “This is a way for me to keep me in touch with the trends and developments in education while supporting each student’s professional development. It’s refreshing to hear about education from their enthusiastic viewpoint.”

“We learned that there was a need for scholarships for college education students,” said Coral. “After retiring from such a satisfying career as an educator in the public schools, this scholarship is my way to help those who have enthusiasm, drive, and passion to go into this challenging field.”
The Walsh Fund

We Believe that tomorrow’s servant leaders are in the classrooms of today.

The 2014-15 Walsh Fund celebrated its most successful year to date with a new record number of pledges and dollars raised. Contributions to the Walsh Fund have grown to a record amount of nearly $950,000 in 2015. The record-setting year has Walsh on target to reach the $5 million goal by the Campaign’s end.

Increasing the annual Walsh Fund has also been an important goal of the We Believe Campaign. No matter the size of the gift, when combined, the Walsh Fund serves as one of University’s most important sources of student support that can be applied to areas of essential need, often yielding the most significant impact.

As students face rising educational costs with a reduction in state and federal funding sources, gifts made to the Walsh Fund will ensure Walsh’s ability to provide a high-quality education, without passing on increased costs to students.

Through gifts to this annual fundraising drive, support is also generated for new initiatives such as the five-year plan to develop centers on campus committed to research and inquiry into global and local issues. These centers will be interdisciplinary, including faculty members and students from across academic disciplines. Faculty will engage in collaborative research with undergraduate and graduate students, help inform curricular offerings, sponsor outreach activities such as speakers, engage in meaningful partnerships in the community and attract new groups of students and faculty to Walsh’s campus.

“With the Walsh Fund being a major part of this campaign, it’s especially gratifying to witness the increased level of support each year. I’m extremely happy with how well we’ve done,” said Belden. “Our goal was to raise $5 million over five years, and the fact that we are on track to accomplish this goal speaks volumes about the Campaign’s success. Every gift has an impact on our students. Whether it’s a $25 annual fund gift or a million dollar gift for a building – every gift is very important in this campaign.”

- **42,000** total service hours completed by students, faculty, and staff
- **$28,000,000** in grants and scholarships
- A **53%** increase in Global Learning participation from previous year
- **20** separate international service trips
- Close to **$1.5 million** awarded to Walsh, with 20 grants including:
  - **$600,000** National Science Foundation (NSF) chemistry grant
  - **$600,000** Health Resource and Services Administration (HRSA) Nursing Grant
  - **$19,100** Our Sunday Visitor Grant
Capital Projects and Technology

We Believe in the critical need to support Walsh’s growing campus by providing new facilities and updated infrastructure.

Shortly after launching the We Believe Campaign in 2012, it became evident that Walsh was experiencing an increasing need for additional classroom space, especially in the natural and health sciences areas. With the full support of the Walsh Board of Directors, a decision was made to raise the original Campaign goal of $25 to $30 million to accommodate construction of a new 15,000-square-foot facility to serve Walsh’s expanding science programs.

“To be able to add a new building during our first phase, and not only get it accomplished but funded with a naming right, was a great success for the Campaign and really underscores the high level of support we’ve received from our generous donors,” said Belden. “It will be remembered as one of this Campaign’s defining moments.”

The Saint John Paul II Center for Science Innovation opened for classes on January 12, 2015. The newest addition to Walsh’s campus is equipped with state-of-the-art technology such as two Anatomage Tables, custom-designed classrooms for Exercise Science and Occupational Therapy, new research labs, ample storage space, lab safety equipment and wash stations.

Through the generosity of several donors, individual labs and classrooms have also been dedicated and formally named within the St. John Paul II Center. These include the Father Julius Arthur Nieuwland, C.S.C., Advanced Chemistry Lab honored by former chemistry major Lawrence Staudt ’67 and the Saint Albert the Great Physics Lab in remembrance of Dr. Karl and Elizabeth Keller. Additional contributions to Walsh science facilities in 2015 included the biology lab naming and dedication as the Jerome Lejeune Classroom, in memory of Luke Thomas Merry, in the Timken Natural Sciences Center.

This past summer, a new interactive nursing simulation classroom was also completed for the Gary and Linda Byers School of Nursing in the Aultman Health Sciences Center. The new nursing lab includes advanced educational technology such as a control room for instructors to record and observe students in simulation settings, a high fidelity simulation patient (iStan), a Fidelis Maternal Fetal Birthing Simulator, multiple monitors throughout the learning space, birthing bed, infant warmer, ventilator and cardiac defibrillator.

The University is finalizing details on the building itself, the end design will ensure and reinforce Walsh’s commitment to real-world student learning experiences.

“None of this would be possible without our donors,” said Belden.

“Collectively, through support of this campaign, we are making a statement that ‘we believe’ in the mission of Walsh and in the legacy of our Founders, the Brothers of Christian Instruction.”

Vice President for Advancement Eric Belden

WHAT’S NEXT?

“The next two years of the We Believe Campaign will be focused on raising an additional $2 million for the Walsh Fund, pursuing our ’17 scholarship and endowment goal and completing the Student Achievement Center,” said Belden. “With the goal to break ground this summer 2016, this new academic building will be the culminating point of the We Believe Campaign and a cornerstone facility for Walsh’s campus.”
Location
Walsh University is located on 136 beautiful acres in North Canton, Ohio, (population 17,400) and is accessible to Akron, Cleveland, Columbus and Youngstown.

Campus
The campus has grown from its original two buildings in 1960 to 26 major buildings, including ten residence halls, and satellite campuses in Akron, Medina, Canfield, Uganda and Castel Gandolfo, Italy.

The most recent buildings are:
- St. John Paul II Center for Science Innovation (2015)
- The Commons Residence Hall (2012)
- Birk Center for the Arts (2012)
- Gaetano M. Cecchini Family Health and Wellness Complex (2009)
- Father Matthew Herttna Counseling Center (2008)
- Fred Olivieri Family Towers (2007)
- Our Lady of Perpetual Help Chapel (2006)
- Marie and Ervin Wilkof Towers (2005)
- Barrette Business and Community Center (2005)

Close student/faculty relationships are the hallmark of Walsh University
13 to 1 student/teacher ratio (Fall 2015)

Outstanding Faculty
- 132 full-time faculty members (2015-16)
- 78% possess Ph.D. or other terminal degree

Students
Total Number of Students: 2,899 (Fall 2015)
- Full-time undergraduate students: 1,897 (Fall 2015)
- Part-time undergraduate students: 378 (Fall 2015)
- Graduate students: 624 (Fall 2015)
Walsh University is proudly accredited or approved by the following commissions:

- The Higher Learning Commission of the North Central Association of Colleges and Schools
- The Commission on Accreditation in Physical Therapy Education
- The Commission on Collegiate Nursing Education
- Council for Accreditation of Counseling and Related Educational Programs
- School of Arts and Sciences
  - Fine and Performing Arts
  - Humanities
  - Language and Letters
  - Mathematics and Sciences
  - Philosophy and Theology
- Education
- Health Sciences
- Social and Behavioral Sciences

Academic Schools and Divisions

- Gary and Linda Byers School of Nursing
- DeVille School of Business

Degrees Offered

Associate of Arts
Associate of Science in Computer Science
Bachelor of Arts
Bachelor of Science
Bachelor of Science in Education
Bachelor of Science in Nursing
Master of Arts in Education
Master of Science in Nursing
Master of Business Administration (MBA)
Master of Arts in Counseling and Human Development
Master of Arts in Theology
Doctor of Nursing Practice
Doctor of Physical Therapy

Br. Edmond Drouin Library

The collection includes 132,000 volumes plus 330,529 electronic books. The library also boasts 135 periodical subscriptions on paper with 25,000 titles via paid online subscriptions and links to 501,263 unique managed resources. In addition, students can view over 17,477 steaming educational films and check out over 4,660 audiovisual items. All electronic library resources are available online. Through the Personal Librarians program we also met individually with 446 students for in depth research consultations and created resource guides that were utilized 48,280 times. The Br. Edmond Drouin Library is also a member of OCLC, OhioLINK, OHIONET and OPAL (Ohio Private Academic Libraries).
Strong Alumni Connections
More than 12,000 alumni have found career success in business, industry, education, government, medicine and other health professions, religious life, and community service. Visit www.walsh.edu/alumni for information on upcoming Alumni Association events throughout the year.

Student Life
Convenience, comfort, and safety are hallmarks of our residence halls. Walsh offers 10 housing options, from traditional to apartment-style residence halls, to accommodate students. Each facility offers its own unique living environment and amenities, including computer labs, vending machines, laundry facilities, study areas and TV lounges.

All Walsh University students can choose to participate in more than 40 student organizations/clubs which range from academic to personal interest, from service oriented to spiritually focused. A few extracurricular options include being involved with the student newspaper The Spectator, the Education Club, Ski-N-B Club, the Chorale or Marching Band and attending events hosted by the University Programming Board. There are also many intramurals sports to get involved with including dodgeball, flag football, bowling, softball, and much more.

Athletic Traditions
The Walsh University Cavaliers compete as one of the newest members of the NCAA Division II and continue to build on a winning tradition. The Cavaliers are current members of the Great Lakes Intercollegiate Athletic Conference (GLIAC) and will move to the Great Midwest Athletic Conference (G-MAC) at the start of the 2017-2018 academic year. Walsh has won the American Mideast Conference (AMC) All-Sports Award and numerous sport conference championships. In 1998, Walsh won its first NAIA National Championship by winning the women's basketball title, and in 2005 the men's basketball team followed with a
National Championship. In 2010, the men’s basketball team advanced to the national championship and captured its eighth consecutive AMC Championship Title in 2012. The women’s basketball team won its first regular season AMC championship since 1989 and reached the Final Four in the NAIA Championship Tournament in the 2010-2011 season. Walsh’s 30 wins that season are the most in school history.

Our athletes also succeed in the classroom
- 63% have a GPA of 3.0 or better
- 35% are on the Dean’s list
- Average GPA: 3.11

Walsh University achieved its 18th consecutive balanced budget in fiscal year 2015. Total operating revenues for the period were $74.4 million while total operating expenditures were $74.0 million, generating a $420,000 operating surplus.

Walsh continues to operate on a very narrow operating margin but continues to earmark incremental revenue for academics, personnel, scholarships and capital improvements.

Operating revenue exceeded the revenue forecast by $1.0 million or 1.4%. A significant portion of the increase can be attributed to growth in several graduate programs, as well as auxiliary programs as we continue to grow our resident population and bring the outside community on campus.

Tuition income accounted for 78.3% of total revenue while auxiliary operations made up approximately 16.6% of the total. The remaining 4.1% was attributed to other revenue sources such as fees and charges and contribution income.

The graduate programs continue to generate significant revenue for the University ($7.1 million in fiscal year 2015) with the Doctor of Physical Therapy and Master of Business Administration leading the way. In addition, the Master’s in Nursing and Master’s in Counseling programs recorded significant growth over the prior year.

Auxiliary program revenue as mentioned earlier contributed $12.3 million to the overall revenue picture or a 5.7% increase over projections. This growth is primarily due to an increased number of on-campus residents, parking permits, and facility rentals.

In terms of capital improvements, the University prudently directed $1.3 million of operating surplus toward numerous capital projects in support of academic programming, facilities, and athletics during the fiscal year.

### General Budget Summary and Highlights For Fiscal Year 2014-2015

- **Tuition**: 78%
- **Auxiliary**: 17%
- **Other**: 5%

Several campus construction and renovation projects were either completed or started during fiscal year 2015. We completed construction of the Saint John Paul II Center for Science Innovation, a 15,300-square-foot addition to the Timken Natural Science Center, to accommodate the exponential growth and expansion of Walsh University’s science programs over the last several years. This addition facilitates student learning through the addition of learning and research labs, an advanced chemistry lab, office space for faculty and corporate research partners, and a space to showcase the research innovation happening on Walsh’s campus. The building was opened for the start of spring semester 2015.

Walsh University is one of the newest competing members of the NCAA Division II with 20 athletic teams that continue to grow and build on the Cavalier winning tradition. We completed the addition of the baseball locker room, restroom facilities and stadium seating in the fall semester. Similar enhancements were made to the softball field on Walsh’s North Campus including stadium seating, batting cages, bullpen areas, logo windscreens and backstop pads, warning track and field border. Additional athletic facility upgrades include renovations to the football team locker room and a new track and field throwing cage for hammer and discus.

Campus network infrastructure enhancements began in fiscal 2014 and will continue through 2017. These enhancements will ensure current and future technology needs for students and faculty are met. They will also allow Walsh University to meet the technology demands of new teaching initiatives and the ever-increasing wireless demands from our students as the BYOD (bring your own device) environment expands. Overall, this project provides a robust and scalable network infrastructure that will support the University for the next 20 years.

Thank you for a record-setting year

Through the support and generosity of many, Walsh University celebrated a record-setting year for the annual Walsh Fund with nearly $950,000 raised during 2014-15.

The Walsh Fund is one of the most immediate ways alumni, parents and friends of the University can help to make a difference in the lives of students. With the goal to reach $5 million by the We Believe Campaign’s end, all gifts, no matter the size, have the ability to make a significant impact in the lives of Walsh’s students.

As one of the University’s most important sources of support, donations to the Walsh Fund are applied to areas of essential need, including student scholarships, library materials, computer labs and academic programming that help to define and distinguish the Walsh experience for students.

Each year, approximately 30 percent of the University’s annual budget is distributed to students in the form of scholarships. Every gift to the Walsh Fund helps to sustain the University’s enduring mission to provide a high-quality, Catholic, affordable education for all students.

Thank you to everyone who continues to support the University’s founding mission through the annual Walsh Fund.
A Renewed Sense of Purpose

On November 19, 2012, we launched the We Believe Campaign for Walsh University with a simple ceremony to officially announce our hopes for what this campaign would mean to Walsh – improved opportunities and facilities for all of our students.

Over the past three years, our efforts have been nurtured by overwhelming support and generosity from our extensive Walsh community of alumni, Board members, faculty, staff, students and friends for this important first phase of our campaign.

In April, we came together again in celebration. This time to mark the successful completion of Phase I of the We Believe Campaign and to thank our donors for their generosity in helping us to achieve so much, in such a short amount of time.

There are so many people who have helped to make our success possible. We thank President Jusseaume for his 15 years of dedication and leadership as the guiding light of our mission. Our appreciation extends to our committed Board of Directors whose support helped to launch this campaign by contributing almost 20 percent of the funds raised.

We thank our talented faculty and staff members for their guidance and leadership in the classroom building sustainable programs. Because of their efforts, we always have great success stories to share. And we are blessed and thankful that our alumni have taken a leadership role in propelling Walsh University to the next level through their increased contributions during the Campaign.

But there is still work to be done. With the majority of Walsh students – 98 percent - relying on a form of financial aid to meet their educational needs, the goals of our We Believe Campaign must remain our top priority. We begin the next phase with a renewed sense of purpose towards our goal to provide new opportunities for all Walsh students.

To everyone who has supported the University with their time and resources, thank you for ensuring that the Walsh legacy will continue to enrich the lives of students for generations to come.

Eric Belden, Vice President, Advancement
The Brother Thomas S. Farrell Heritage Society was established to recognize the permanent value of legacy gifts to Walsh University. This society is named after Walsh’s first president. Walsh honors alumni, friends, faculty and staff who have demonstrated outstanding commitment to our institution by choosing to benefit the University through planned giving. Planned gifts include gifts through wills, charitable trusts, gift annuities, life insurance, endowed scholarships or other estate planning arrangements. Following is a list of those visionaries who have made such provisions for the University.

Dear Benefactor of the Richard W. Cordingly Endowed Scholarship,

It is truly an honor to be chosen as a recipient of your scholarship for the second year.

I am currently double majoring in Business Management and Marketing, and I am a member of the Walsh University Baseball team. This will be my senior year, and after graduating, I plan on getting experience in the business field at first, and then starting my own business. A few weeks ago I had my first interview for a job in the Marketing field. Opportunities like this wouldn’t be possible without this degree I am currently pursuing, with your help.

By awarding me the Richard W. Cordingly Endowed Scholarship, you have helped me be able to focus more on school and less on the financial aspect. I truly hope one day I will be able to help students achieve their goals just as you have helped me. Thank you again for support.

Sincerely,
John Knight IV

† Deceased

Walsh University 2015 Annual Report  † 20
Dear Benefactor of the Coral L. Pennetti Endowed Scholarship,

As a recipient of the Coral L. Pennetti Endowed Scholarship, I am writing to thank you for your generosity in providing this scholarship. Without the support of kind people like you, I would not be financially able to attend Walsh. For that, I am so grateful for the opportunity you have provided me with this scholarship.

Choosing Walsh was the best decision I feel I could have made for college, as I feel that my education here has been of the highest quality and has truly prepared me for my future career as an educator.

Sincerely,
Victoria Christ

† Deceased
Dear Benefactor of the Joanne Lattavo Endowed Scholarship,

I would like to extend my deepest gratitude for accepting me as a recipient of your scholarship. I am very honored to know that you value my achievements. Your financial assistance for my studies is a tremendous help and relief. Again, thank you immensely for all you have done for me and for Walsh!

With greatest thanks,

Graduates Of the Last Decade (G.O.L.D.) Legacy Donors are recent graduates who make the Walsh University education possible for current and future students by contributing at established giving levels based on their number of years out from graduation. Their generosity, and that of all of our alumni who support the Walsh Fund, ensures that future generations of Walsh students have the scholarship and academic resources they require for success.

Women’s Committee of Walsh University Endowment Fund

Every attempt has been made to achieve completeness and accuracy. We realize that computer and/or human errors are possible. Please forgive any such inaccuracies or omissions and be assured that you are greatly appreciated. Your generosity is vital to the life of this institution.
Walsh University is an independent, coeducational Catholic, liberal arts and sciences institution. Founded by the Brothers of Christian Instruction, Walsh University is dedicated to educating its students to become leaders in service to others through a values-based education with an international perspective in the Judeo-Christian tradition.

Walsh University believes in the desirability of a small university that promotes academic excellence, a diverse community and close student-teacher interactions. The University provides its students a higher education that fosters critical thinking, effective communication, spiritual growth, and personal, professional and cultural development. Walsh University encourages individuals to act in accordance with reason guided by the example and teachings of Jesus Christ.

Walsh University Mission Statement, adopted 1999.
